

BEING A MAN OF THE FLOOD, PART 4
Scriptures from the Life of Noah by Justin Schefcik

This is our fourth and final study on the life of Noah and again the main idea in this study is how Noah was a man of the flood. Everything he did in life revolved around a prophetic warning from God about a coming judgment on the world. God, in His preservative grace, was going to send a flood upon the entire earth to wipe the slate clean and get a fresh start because the whole world had reached the point where in His eyes, it was necessary to do so. The only survivors out of the multitudes living at the time was Noah and his family, who floated safely in an ark on top of the water, along with 2 of every kind of animal and a few extra 'clean' animals for offerings of worship afterward. We too live in light of a coming judgment and need to be men and women of the flood like Noah.

VIII. MARK #8 – A MAN OF THE FLOOD SHOULD _____ . (9:18-28)

There are four different types of produce I want us to examine from this last portion.

- A. The Produce of _____.
 - B. The Produce of _____.
 - C. The Produce of _____.
 - D. The Produce of _____.
- ❖ **FINAL APPLICATION: NOW IS THE TIME TO _____ THE _____!**
Just like Noah was placed into the ark and saved from the storm of judgment, so we need to be placed into Christ by putting our faith, our trust, in Him as the One who paid for our sins in full on the cross. We have an opportunity to build the ark by introducing people to Jesus Christ through the proclamation of the gospel and the way we live our lives in light of the coming judgment. Now is the time to build the ark.
